Area IV Agency worked in collaboration with Twin Lakes School Corporation and Boys and Girls Club of White County to write and received the 21st Century Community Learning Center Grant from the Indiana Department of Education.

The 21st Century Community Learning Centers (CCLC) program is federally-funded and provides at-risk students a safe environment during non-school hours. Our center provides a range of high-quality services to support regular school day academics and development, to include: tutoring and mentoring, academic enrichment (e.g. homework assistance, reading, math, science, and technology programs), service learning, character education, physical education and recreational activities, and dropout prevention. Area IV's programming also engages adult family members in actively participating with students through educational and personal development opportunities.

Area IV Agency, in conjunction with Twin Lakes School Corporation and the Boys and Girls Club of White County, now has a preschool classroom serving 15 four year old children, and provides an after-school program and tutoring program located at Woodlawn Elementary School, 300 S Beach Dr, Monticello, IN 47960.

This site contains a gym/cafeteria, library, two large kindergarten rooms, a playground and garden area. Woodlawn provides more than enough space for the Woodlawn Preschool Classroom, the Boys and Girls Club After-School Program, mentoring and counseling, and other related community agencies.

Our coordinated programs target high-poverty children and their families, PreK – 5th grade, and offers daily programming during the school year and for six weeks in June and July (starting in 2018). The staff members at Area IV's Woodlawn Preschool follow The Creative Curriculum guidelines to support school readiness and positive learning experiences. Activities support active learning and promote progress in all developmental areas so all fifteen children enrolled will be ready to transition into Kindergarten in the fall.

ORGANIZATIONAL PAYEE PROGRAM

A payee is an individual or organization appointed by the Social Security Administration (SSA) that receives Social Security and/or Supplemental Security Income (SSI) payments for someone who cannot manage their money. The Social Security Administration deposits the individual's Social Security income into an individual account that is managed by the payee. The Payee Program staff work with individuals to develop a monthly spending plan for their Social Security benefits to create a stable living environment and ensure that the basic needs of food, shelter, clothing, and medical care are met.

Enhanced Programming for Residents with Dementia

Residents with dementia will seek to be busy in a variety of ways and most of their busyness we perceive negatively. Whether it is wandering, rummaging or exit-seeking, these are their efforts to be active. Through scheduled small group activities, we help your loved one with dementia experience more Moments of Happiness. We call these specialized activities that cue meaningful moments – Cuetivities. As your loved one participates in an increased number of meaningful and purposeful Cuetivities throughout the day, they will experience enhanced daytime engagement, better nighttime sleep patterns and improved overall behaviors.

Ramp-Up Indiana Program

Area IV Agency was recently approved to administer the Ramp-Up Indiana Program in the counties of Benton, Carroll, Clinton, Fountain, Montgomery, Tippecanoe, Warren and White County. Area IV, in partnership with the Rotary Club of Monticello and Habitat for Humanity of Lafayette, are constructing wooden wheelchair ramps at no cost to the individual.

To qualify for this program, applicants must be elderly and/or disabled, own their home or live with the homeowner fulltime, households must be at or below 80% of the Area Median Income (AMI), the home cannot be included on the historical register or be located on a flood plain.

The first ramp built through the Ramp-Up Indiana Program is located in Monticello and was built by the Rotary Club of Monticello. Our first recipient is a gentleman who is a Veteran and confined to a

wheelchair full-time. As an important aspect to maintaining his health by leaving home to attend dialysis three times a week, this ramp was a necessity.

If you would like to speak to a representative to see if you qualify for a ramp, please contact Area IV Agency at 765-447-7683.

"I'm so pleased to be a part of this program. I cannot afford to build a ramp, and I am looking forward to being able to go outside!"

Statements such as this are just one of the reasons we at Area IV continue to strive to help those in our communities.

"Best Week of the Year!"

Celebrating our 32nd annual Senior Games, over 425 participants from Benton, Carroll, Clinton, Fountain, Montgomery, Tippecanoe, Warren and White Counties enjoyed 27 different events during the week-long 2018 Senior Games.

We held a kick-off for the Games on Saturday, June 9th with two (2) softball games, croquet and letterboxing (a treasure hunt). On Monday, June 11th at our Opening ceremony, the Mayors, County Commissioners and State Representatives signed the proclamation declaring the week of June 11-15th Senior Games week in our eight county region. Dave Sattler, editorial cartoonist, was our Keynote Speaker at the Opening and Jeri Harris; the 2018 Torch Captain, proudly escorted the torch for the official lighting.

Madora Rudin returned this year to be the oldest female participant at the young age of 101 and she won "Silver" in our Euchre event. Our oldest male participant was Jerry Goetsch at age 95, who also played 9 holes of golf. Staying physically and mentally active as seniors is the mission of the Games and Madora and Jerry are great examples of maintaining a healthy lifestyle in their golden years.

Golden Games is our one day event for residents living in local nursing facilities. The Indiana Veteran's Home, St. Elizabeth Healthcare and Wellbrooke of Crawfordsville hosted over 175 participants in events such as corn hole, washers, checkers, air rifle, crossbow, Wii bowling and bocce ball. Thank you to our Golden Games hosts for making the day fun for all.

We wrapped up the Senior Games and extinguished the torch on Friday with a celebratory luncheon at the Trails Banquet Facility while being entertained by the Tippecanotes Men's Chorus.

Thank you to all Sponsors, staff and volunteers that made the 2018 a great success!
Plans are already underway for the 2019 Senior Games!

Our Community Action Promise is:

Community Action changes people's lives, embodies the spirit of hope, improves communities, and makes America a better place to live. We care about the entire community, and we are dedicated to helping people help themselves and each other.

Rural Transportation Program Driven By Community Needs

Low income residents of rural communities often lack adequate transportation for life needs and community participation. The problem of isolation increases if low income persons are also disabled. Rural public transportation provides an increased quality of life for low income passengers and enables increased participation in the communities where they live.

Since the enactment of the Americans with Disabilities Act (ADA), persons with disabilities are assured equal access to rural public transportation.

In order to provide safety and proper assistance for disabled passengers, Area IV Agency on Aging provides driver training opportunities in passenger assistance techniques for its Volunteer Rural Public Transit Program drivers.

Area IV Agency has Community Transportation Association of America (CTAA) nationally certified driver trainer on staff to provide additional training for defensive driving, pre-trip inspection and emergency evacuation. The trainings are relevant, informative and fun!

In 1986, to address a lack of public transportation in its rural areas the Area IV Agency on Aging and Community Action Programs coordinated with community leaders and sought Federal and State financial assistance from the Indiana Department of Transportation (INDOT).

Now celebrating over 30 years of rural public transit service the program serves the Towns of Boswell, Brookston, Clarks Hill, Flora, Hillsboro, Rossville and Waveland.

INDOT still provides annual Federal and State support along with community donations and CSBG Funds to cover program expenses. To keep program costs low, local oversight, daily scheduling and driving are performed entirely with trained properly licensed volunteers, a unique feature in the State of Indiana.

Each community has its own local vehicle supported by Area IV Agency for insurance, maintenance, program marketing, volunteer training and technical assistance. Passengers give donations to cover vehicle fuel.

Area IV's Volunteer Public Transit Program provided 5,681 one-way passenger trips for 426 unduplicated passengers traveling 22,512 miles in a recent year. Service was provided by 50 dedicated, trained volunteer board members and drivers.
